

AMERICAN ROSE SOCIETY ENDORSED PRODUCTS

American Rose Society Endorsed Products have undergone extensive testing by ARS members nationwide and found to be of high quality and a benefit to rose growers.

BioAdvanced® All-in-One Rose and Flower Care

Takes the guesswork out of application with three systematic products in one – fertilizer, insect control and disease control. It protects against adult Japanese Beetles, Aphids and other listed pests, and also against Black Spot, Powdery Mildew, Rust and Southern Blight. Rainproof granule or concentrate options (no spraying required). Available in 4-lb. granule and 32- or 64-oz. concentrate bottles.

BONIDE Rose Shield Systemic Rose & Flower Drench

Systemic insect control; systemic disease control; drench application; six-week protection; concentrate; 25% more than other brands; bonus 40 oz. concentrate treats 20 roses.

BONIDE Rose Shield Systemic Rose & Flower Granules

Systemic insect control; 8-12-4 balanced fertilizer; granular application; eight-week protection; 20% more than other brands; bonus 6 lb treats 48 rose bushes.

BONIDE Rose Shield: Insect & Disease Protection for Roses

Systemic insect control; systemic disease control; foliar application; 4-week protection; contact insect control; fast and extended control; ready-to-use and concentrate.
